

Full Articulation and Full Polarization Universal Mounting Bracket

Specifications

Antenna Mounting	Mates with 6" Bolt Circle on Antenna Back Plate ¼-20 hardware supplied
Wall Mount	6" x 6" x 0.25" Four hole bolt pattern 5" x 5" x 0.375" Four hole bolt pattern
Pole Mount	2" diameter pole with supplied u-bolts 1.5" to 4" diameter pole with supplied band clamps
Offset from wall or pole to first pivot	10"
Offset from wall or pole to antenna back plate	13.5" with Azimuth and Elevation at 0°
Azimuth Adjustment	+/- 90° in 5° increments
Elevation Adjustment	+/- 90° in 5° increments
Polarization Adjustment	Continuous over 360° with hardware configuration
Weight	< 4 lbs.
Application Environment	IP-54
Mounting Bracket material	Zinc plated steel
Mounting Bracket hardware	Stainless steel
